

## Message from our Superintendent.....

Welcome to the Saratoga School District webpage. Our district's mission is to provide opportunities for students to achieve academic excellence, develop personal responsibility, become productive citizens, and embrace lifelong learning in a safe and positive environment. We believe that the active participation of parents and community is essential to achieving our mission. [SchoolDigger.com](http://SchoolDigger.com), a website that ranks school districts based on test scores, rankings, school and district boundaries, student/teacher ratios, ethnic makeup, and scores of other useful metrics and information, ranked Saratoga School District 58th out of 780 Illinois school districts in 2016-17.

The faculty and staff at Saratoga, in collaboration with the parents and community, are committed to a strong and comprehensive educational program and learning environment which optimizes each child's potential, enhances self-esteem, provides role models, and accentuates individual respect. The staff at Saratoga believes that every child's individuality is an opportunity to provide differentiated instruction to allow each student to reach his or her highest potential. Our district's core values are academic honesty, integrity, accountability, respect, collaboration, achievement, and commitment.

If you have any questions about our school, please do not hesitate to contact a building administrator or me. We are more than happy to discuss our school and provide information and assistance to families and community members.

Sincerely,  
Kathy Perry  
Superintendent
